April is Alcohol Awareness Month: Let's Start the Conversation. Stop Underage Drinking

April is Alcohol Awareness Month. This month was established by the National Council on Alcoholism and Drug Dependence (NCADD) back in 1987. The goal of Alcohol Awareness Month is to encourage more people to remain mindful when it comes to alcohol throughout America. This means that April is a perfect time to start the conversation about underage drinking. Learn more about Alcohol Awareness Month and what you can do to stop underage drinking in North Carolina. Start the conversation to prevent underage drinking and raise alcohol awareness today.

Lots of great information, ways to get the conversation going, etc. can be found at: https://www.talkitoutnc.org/starting-the-conversation/
